PDF/VT Workflow Management Software

Industrial Inkjet Integration Modules

- Variable Data Printing → Optimized Workflow and Print Process
- Worldclass Print On Demand → Highly Versatile
- Adobe PDF Print Engine Standard → Cost Efficient

Atlantic Zeiser's PDF/VT
Workflow Software
powered by

PDF/VT – Benchmark JDF/PDF Workflow Management and Print Process Optimization

Advanced software components are becoming the decisive success factor to optimize the print process and document workflow, by reducing unproductive pre-printing time as well as minimizing data volume in the RIP-process, color management, color conversion, and job merging. These modules meet the cost-efficiency, high-speed and technical criteria for modern printing applications, enabling our customers to master challenges where others fail, and increase their cost efficiency, brand value and product quality. Following the concept of Industrial Digital Printing 2.0 (IDP 2.0) Adobe certified software is a key to optimize profitability with marking, serialization, customization, decoration and personalization at each stage of your production process. Whether you like to integrate Atlantic Zeiser software into your own production workflow or require an end-to-end printing solution – PDF/VT makes the task easy.

Typical Applications

- Personalized production including promotional/VDP printing
- Direct mail, commercial, transactional, security printing
- Package, label, direct product printing
- Frequently changing text, graphics, numbers, bar codes, 2D codes
- Marking, serialization, customization, decoration, personalization
- Data centre and workgroup printing

PDF/VT Workflow Software at a Glance

- High speed APPE technology, certified by Adobe
- Print-on-Demand Server® (POD)
- DocuFlow® for sophisticated in-RIP workflow
- Bitmap Library® (SBL)
- Print Process Optimizer® (SPO)
- Color management and color conversion
- Sophisticated JDF generation and interpretation
- PDF printer drivers for all common platforms
- Job merging and page flow management

Your Competitive Edge

- General performance enhancements for image and graphic handling
- High usability with drag and drop technology SMAP®
- Driverless printing at its best
- User configurable print queues
- Pre-defined print jobs for reduced machine setup
- Ongoing updates and upgrades for an advanced and modern software solution
- Highly cost-effective
- Increased productivity
- Maximized flexibility
- Unmatched print quality
- Easy to use operation

Software Technology Portfolio

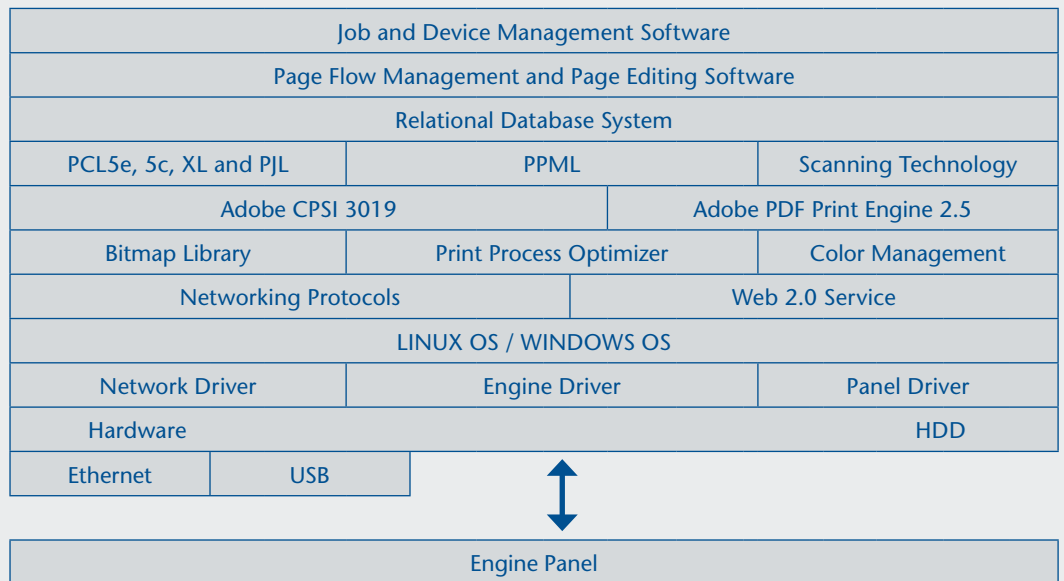

Client Software

Win2000, Win2003 / 2008 Server, WinXP, Vista, Windows 7
 32-bit and 64-bit
 MacOSX (10.4, 10.5, 10.6), PPC and Intel Mac

- Printer Driver
- Printer Installer
- SMAP
- SMAP-PD
- ProfiSCAN
- ProfiTWAIN
- VDP Application
- Custom Applications

Additional Services

- Quality Assurance
- Localization
- Documentation
- Continuing Support
- Technical Support
- Software Maintenance

Atlantic Zeiser's High-Resolution, Substrate Flexible Print Engine Families for Your Production Needs (selection)

- » OMEGA™ print engines (UV inks): offset-class print quality with spot color; extremely versatile, robust and cost efficient
- » DELTA™ print engines (UV or aqueous inks): offset-class print quality and productivity with spot color; ink saving
- » GAMMA™ print engines (UV inks): offset-class print quality with full color CMYK (& White)

Off-the-shelf End-to-end System Solutions from Atlantic Zeiser (selection)

- » DIGILINE™ Web – digital printing and coding web-to-web for label, booklet label and flexible package printing
- » DIGILINE™ Sheet – digital printing and coding sheet-fed for carton sheet, mail, transpromo and security printing
- » DIGILINE™ Single Product – digital printing and coding for different product form factors in package and direct product printing
