

# CARDLINE VERSA ATTACH MODULE

Reduce Labor Costs – Increase Net Profit

## Attach Module for CARDLINE VERSA Flexible Attaching of Carriers to INLINE personalized Cards

CARDLINE VERSA continues to lead the market in innovative new capabilities. The ATTACH MODULE allows INLINE personalization and attaching of carriers for the gift and loyalty market and is designed for high-net production per shift **reducing labor costs, production space and energy consumption**, all important in today's highly volatile and competitive closed loop gift card and loyalty markets.

The major features are:

- Cost saving due to its combination of two process steps; card personalization and card attaching
- High production efficiency
- High reliability
- Speeds up to 27,000 products/h<sup>\*)</sup>
- Precision placement
- Quick and simple set-up – easy to service
- Interfaces with Dual Shingle Delivery for simple card remake
- Wide variety of carrier formats possible

<sup>\*)</sup> example related to product length 100 mm/4 inch

Gluing Unit

### Gluing Unit

Applies one spot or one line of hot melt glue to incoming personalized cards. It is synchronized to the servo driven card transport.

### Vertical Feeder for Carriers

Feeder is synchronized to the main transport module, feeds carriers and precisely applies them onto the inline personalized cards.

Vertical Feeder

### 2nd Spot Glue Gun

Optional additional glue gun allows applying a second spot or a second line of hot melt glue.

The high speed friction belt feeder is equipped with a vertical card holder (max. stacking height 700 mm). Carriers can be uploaded without stopping the machine. This feeder includes a sensor for double product feed detection.

## Technical Specifications ATTACH Module

Carrier Dimensions	Across transport direction: 50.6 – 203.2 mm / 2 – 8 inch (depending on attaching layout)  In transport direction: 50.6 – 152.4 mm / 2 – 6 inch
Carrier Thickness	0.5 mm – 1.0 mm (10 mil – 40 mil)
Carrier Material	<ul style="list-style-type: none"> <li>• Paper or plastics</li> <li>• Non-transparent, translucent, transparent</li> </ul>
Card Specifications	According to CARDLINE VERSA specification
Spot Gluer	Hot melt gluer, either applying glue dots or a line of glue <ul style="list-style-type: none"> <li>• Standard: 1 glue gun</li> <li>• Option: 2 glue guns</li> </ul>
Attaching Precision	±1.5 mm (±60 mil); skew: ±5°
Performance	Depending on carrier length Typical around 27,000 products/h (carrier length 100 mm / 4 inch)
Delivery	The Attach Module is combinable with: <ul style="list-style-type: none"> <li>• Standard: Shingle Delivery Unit</li> <li>• Option: Dual Shingle Delivery Unit</li> </ul>
